

YUKON

Yukon Group grows, packs and exports a wide range of specialty produce globally.

We pride ourselves on our quality and consistent availability all-year-round.

ABOUT US

We grow and export one of the largest baby vegetable offerings globally, 365 days of the year and in multiple pack formats. Our diverse grower partnerships mean that we can utilise a wide array of growing regions across Africa and Europe, offsetting risk and widening our ever-expanding product portfolio.
